1. INTRODUCTION

One year ago NELSON DENNY from Hadlyme CT, a well-known collector of plumb bobs died at the age of 65 years. See my newsletter WOLF’S PLUMB BOB NEWS 2012-05 NELSON DENNY with emails and photos from Nelson talking about

- Special plumb bobs
- Displaying and inventory
- Worldwide communication
- His collection
- The Leistner & Heimbach Story
- The Plumb Line Continuum
- His work and the future

With the help of his nephew Kevin I got a file with a lot of beautiful photos that Nelson made from his collection. To remember my friend Nelson and his collection I will show you some special plumb bobs from his collection. I is a very small part only.

Nearly all items of his collection – except some of the LEISTNER plumb bobs that remained in the possession of the family - were sold in several Martin Donnelly auctions last year and will be offered this year. Most of them are bought by one single bidder (for relatively high prices). Unfortunately not many collectors had the chance to buy one of his very interesting plumb bobs.

But I think it is good that big parts of his huge collection now are in one hand. He worked hard to get them all together.

To know more about Nelson, here are some ideas from 2004 of his strategy in collecting plumb bobs.

We discussed about prices and asked him why he spent so much money for a relatively modern plumb bob.

Here is his answer:

"... YOU EUROPEAN DON'T UNDERSTAND THE AMERICAN MARKET ECONOMY AND THE PROTECTIONS OF AUCTION RULES."
THE WORTH OF SOMETHING IS ENTIRELY DEPENDANT ON WHAT SOMEONE IS WILLING TO PAY FOR IT. IT IS NOT AN ARBITRARY VALUE BASED ON WHAT IS IN MY WALLET AT ANY GIVEN POINT OF TIME. THE BEAUTY OF AN AUCTION WITH BID INCREMENTS IS THAT THE WORST CASE SCENARIO IS THAT THERE IS AT LEAST ONE IF NOT MORE FOOLS THAT ARE WILLING TO FORK UP THAT AMOUNT FOR EITHER AN OLD OR A RECENT WELL CRAFTED ITEM. THE AGE OF AN ITEM HAS LITTLE TO DO WITH THE PROFITABILITY.

AT THE CLOSE OF THE AUCTION THERE WERE TWO OTHER BIDDERS THAT WERE WILLING TO SPEND WITHIN 5 TO 10 DOLLARS OF WHAT I SPENT. ALL I HAVE TO DO IS ALLOW A PERIOD OF TIME TO ELAPSE FOR AN ITEM TO APPRECIATE. IN ONE CASE I BOUGHT A MINT BUFF PLUMMET AT AUCTION FOR $1700; BOUGHT A SECOND ONE FROM A PRIVATE SELLER FOR $1200, AND THEN SOLD JUST ONE OF THE TWO FOR $3700.00. I DO NOT RE-SELL ANYTHING ON EBAY; I HAVE DEVELOPED A PRIVATE LIST OF COLLECTORS THAT I EMAIL WHEN I HAVE ITEMS FOR SALE. AT THE BEGINNING SOMEONE TOLD ME SOMETHING THAT HAS PROVEN TO BE ABSOLUTELY TRUE; BUY THE BEST THAT YOU CAN AFFORD.

IN THE LAST 18 MONTHS I'VE INVESTED JUST A BIT MORE THAN $ xx US DOLLARS IN PLUMB BOBS. ABOUT 40% WERE BOBS THAT I HAVE NO PARTICULAR LONG LASTING INTEREST IN, UN- NAMED SHAPES BUT NICELY DESIGNED AND PROPORTIONED. THOSE I SELL ALMOST IMMEDIATELY AND HAVE AVERAGED ALMOST A 17% PROFIT OVER AND ABOVE ALL MY EXPENSES FOR MARKETING AND TRAVEL. THE REST HAS BEEN INVESTED IN EXTRAORDINARILY RARE PIECES. SOME OF THOSE WERE THE LAST 150 PIECES OF BRUCE CYNARS COLLECTION, INCLUDING SOME OLD AND RARE IVORIES, SEVERAL DOZEN MECHANICAL PLUMB BOBS (MANY PATENTED), A DOZEN OR SO PLUMMETS IN SETS INCLUDING THE ORIGINAL CARRYING CASES, A COMPLETE SET OF VAJENS IN BRASS AND A COMPLETE Set NICKLE PLATED, TWO COMPLETE SETS OF PERFECTIONS, ONE COMPLETE SET OF COMMON SENSE NUMBERED, JUST TO LIST A FEW ITEMS.

I HAVE MADE TWO OTHER MAJOR INVESTMENTS IN WHOLE COLLECTIONS OTHER THAN CYNARS. MOST OF THESE I WILL HOLD ON TO; IN SEVERAL CASES HAVE BEEN OFFERED DOUBLE MY COST WITHOUT EVER LOOKING FOR A BUYER.

MY PLUMB BOB EXPERIENCE HAS ACTUALLY YIELDED A SIGNIFICANTLY HIGHER RATE OF RETURN THAN MY INVESTMENTS IN THE STOCK MARKET.

I HAVE BEEN MAKING SOME MOVES RECENTLY TO DEVELOP A SCHEME TO KEEP THE BEST PART OF THE COLLECTION TOGETHER. HERE, I CAN DONATE THE COLLECTION TO CERTAIN NON-PROFIT INSTITUTIONS OR MUSEUMS THAT WOULD GIVE ME SOME INCREDIBLE INCOME TAX ADVANTAGES, MUCH MORE THAN THE DOLLAR VALUE OF MY INVESTMENT.”

Note in Nelson’s inventory sheet for ND# 15:
WERE USED BY MINE ENGINEERS FOR SURVEYING DARK MINE SHAFTS.
Matched set of 2 in mahogany box. These were probably my favorites for their sweet little size and shape. Only 5 1/4" tall and 1 pound 7 ounces. The box, which shows great age and character is 7" long and 6" tall. There is a label on the inside lid, that has been cut up--"Surveyor Trapped In Cave In, Spends Days Destroying Equipment", but enough remains that Garcelon was able to identify it as Gurley, the remaining letters and spacings dovetail with Gurley's logo. Original hangers and perhaps original chains, if not original, then quite old; and two different lengths. Two extra small holes in shelf that allow chains to be stored in bottom of the box. Remnants of original leather strap. One of the caps still has the original chain, connected to the body, chain is missing on the other one.

10. SOMETHING TO SMILE ABOUT
This HELICOPTER PLUMB BOB (offered in the Martin Donnelly auction July 25, 26 & 27, 2013 in Avoca, NY) has no hole to fix the line (but why should a helicopter plumb bob need a line)? 😊
